The minimum period is one year from the Delivery Date.

### 2. The Contract

WHEREBY in return for an Annual Fee paid by the School, DRS undertakes to provide the School with an Optical Mark Reader (OMR), an agreed volume of input forms to be read by that OMR, and the agreed support services, as described below.

### 3. Period of Agreement

This agreement will run for a minimum of one year from the Delivery Date. At the end of the minimum period, the agreement will continue unless notice is given by either party to terminate the agreement at the end of the current year, such notice having been received not later than three months before the end of the current year. In the event of default by the School, DRS reserves the right to terminate the agreement, recover the OMR and claim for monies outstanding.

### 4. Annual Fee

In each year of this agreement, the School will pay to DRS the Annual Fee, such payment to cover:

- the rental of the OMR
- the supply of input forms, as detailed in clause 6
- repair or replacement of a faulty OMR as detailed in clause 8
- a "support" service, as detailed in clauses 8 & 11 below.

In the second and subsequent years, the Annual Fee is subject to increase. Any such increases would not exceed twice the rate of the published index of retail prices at 1<sup>st</sup> January for the previous calendar year.

### 5. OMR Trade-in Offer

DRS offers a £200 reduction on the first year rental to existing DRS CD210/220/230/360 OMR owners subject to the following conditions:

- The £200 reduction consists of a £100 discount and a £100 trade-in on return of a CD210/220/230/360 to DRS.
- To qualify for the reduction the CD210/220/230/360 serial number must be stated on the order form (overleaf).
- The school acknowledges ownership to any CD210/220/230/360 being returned to DRS and that the ownership will transfer to DRS on the granting of the trade-in.
- The CD210/220/230/360 trade-in offer is accepted by DRS when DRS produces the self-billing invoice.
- DRS will make the arrangements and pay the costs for the collection from the school of a trade-in CD210/220/230/360.
- If a trade-in CD210/220/230/360 is in DRS' judgement an incomplete machine, then DRS may decline to accept the trade-in and will return the CD210/220/230/360 at DRS cost to the school.
- This scheme may be withdrawn or modified without prior notice.
- For accounting purposes the school gives DRS permission to create a self-billing invoice for the £100 trade-in value, this invoice will be supplied by DRS to the school.

The School further agrees to insure the OMR and to pay DRS the costs incurred to make good such damage or loss. If notification of termination is received more than three months before the end of the contract year in question, then the contract will terminate at the end of that year otherwise the contract will continue for the following twelve-month period. No portion of any year's fee will be reimbursed unless there is repeated failure of the OMR to perform as per its specification, or other performance failure by DRS has resulted in DRS being in breach of this agreement. DRS will use its best endeavours to do this within one week of receiving clear written evidence of the alleged deficiency. Other than expressed in clauses 8 and 11, DRS accepts no responsibility for loss or damage in respect of use of the OMR and the forms supplied, howsoever caused. DRS will maintain an internet web site containing useful information to schools operating a DRS OMR, on which queries or reports of malfunctions may be lodged. ### 12. Ownership

The OMR will remain the property of DRS throughout this agreement.

### 13. Copyright & Usage

Copyright to the forms supplied under this agreement will remain the property of DRS. The forms supplied under this agreement are for use only by the School, which undertakes not to supply any of them for use by any other school without the express written permission of DRS.
